Work Experience

- **Arvizon Ltd. /** UI/UX Designer

  July 2019 - November 2019, South Korea & Remote

  I designed and made a prototype of a dedicated mobile application that allows users to connect and manage their AI-powered Vezo 360 dashcam. I also re-designed company's fund-raising profile and made graphics for facebook ads

  Besides that, I worked on UI of their enterprise solution web-based app focused on fleet management

- **Business Ombudsman Institute /** Web Designer

  December 2019 - February 2020, Kyrgyzstan

  I designed a website for an NGO that helps to protect the rights and interests of business entities in Kyrgyzstan. I collaborated with developement team and worked closely with the project manager to deliver a modern, yet strict-design oriented website

Education

- **SUNY Korea /** BS in CS

  March 2018 - Present, South Korea

  Merit 50 Scholarship
  Dean's List

- **J. Balasagyn Intl. High School**

  September 2012 - May 2017, Kyrgyzstan
